The Swan Community Project Limited

(The Society)

Committee Candidates

JONATHAN PEARCE

I am currently the Company Secretary and a member of the Management Committee and have been involved in the Swan Community Project since its earliest inception over two years ago.

I am a retired solicitor who advised SMEs for many years so that experience enabled me to help on the legal aspects of the acquisition of the Swan, fund raising, incorporation of the Community Benefit Society, the tax relief applications and general legal and governance issues.

If elected I would hope to bring my experience to bear on the legal and practical issues that arise as the project progresses by taking the Legal/Secretarial role.

Caroline and I have lived in West Peckham for 15 years with our two sons. I feel incredibly lucky to live here and would welcome the chance to continue working to improve our wonderful community through enhancing the Swan as a community hub.
